

March 15, 2010

Hi Tom,

I hope everything is going well with you, Marcel and Joe. Lori and I have been enjoying our new home since moving in last June. Many people have asked who built our home and we are always proud to say Tom Pagelow. We recommend him highly.

I am trying to tie some loose ends that remain unfinished from last year. One thing missing is the cap from the lower level bathroom vent. It comes out on the east side of the house. Please see attached picture.

I know it is quite wet right now. But should it get below freezing one night or if someone could brave the mug, it would be good to put a cap on this vent before the birds start building nests?

When you come, could we also talk about some of the aluminum trim in the front of the house? This is better to discuss in person rather than by letter or a picture.

Thanks, Tom.

Larry & Lori Rooker
